

Kellogg Picks Personnel of Health Board

**Dr. Harper Peddicord
Of Redwood City
Is Member**

FOUR OTHERS

**Dr. Mawdsley, Deuel,
Miss Pansy Abbott
Included**

County Manager Walter T. Kellogg today named the personnel of the newly-created San Mateo County Board of Health and Welfare, which is made up of two physicians, a sanitary engineer, a layman and ex-officio, the county superintendent of schools.

The members will be:
Dr. Harper Peddicord, Redwood City physician.
Dr. H. L. Mawdsley, San Mateo physician.

Mrs. Harry S. Dana, San Mateo, president of the San Mateo County Tuberculosis Prevention Society.

A. W. Deuel, general manager of the San Mateo-Hayward bridge, and a former sanitary engineer.
Miss Pansy Jewett Abbott, county superintendent of schools.

The powers and duties of the members of the board will be strictly advisory. They shall consider and report on problems and matters under the jurisdiction of health, sanitary and social service of the county and advise and make recommendations to the county manager and to the director of health and welfare relative to the functions of the department. This board was constituted with County Manager Walter T. Kellogg as to the new county health officer.

Kellogg conferred in San Mateo Tuesday with the San Mateo County Medical Society as to candidates suitable to that body.

The name of Dr. Jacques P. Gray, San Francisco, assistant health officer, has been practically eliminated, Kellogg said, because Dr. Gray does not wish to leave the city.

Dr. Gray is understood to be reluctant to step into a post in this county which would not provide him with civil service. He is also reported to have said that he would not consider the post if it is mixed with politics.

Next in line for the directorship is believed to be Maj. Charles Gans, retired army surgeon, who was 17 years with the medical corps.

Kellogg announced today that all appointments will go over until Saturday when his recommendations will go to the board for confirmation.

4-Star General Gasoline Finds Wide Reception

Dealers and members of the General Petroleum Corporation's sales organization from the area served from Redwood City gathered recently to listen to and witness an impressive presentation of the advertising and sales plans to accompany the introduction of the new General Four-Star Gasoline which has just been placed on sale throughout Northern California.

The meeting was conducted by R. C. White, General's district manager at Redwood City, who was ably assisted by J. P. Walsh, Northern California division manager, C. H. Wartman, Northern California assistant division manager, R. C. L'Heureux, field sales manager of Northern California, and W. B. Curtis, sales promotion manager from Los Angeles.

Not in recent years has such an impressive and extensive advertising campaign been offered in support of a new product as that now under way. It embraces more than fifty newspapers in Northern California alone and in addition to this, there are six radio programs per week, hundreds of billboards and a wide and attractive variety of station decorations.

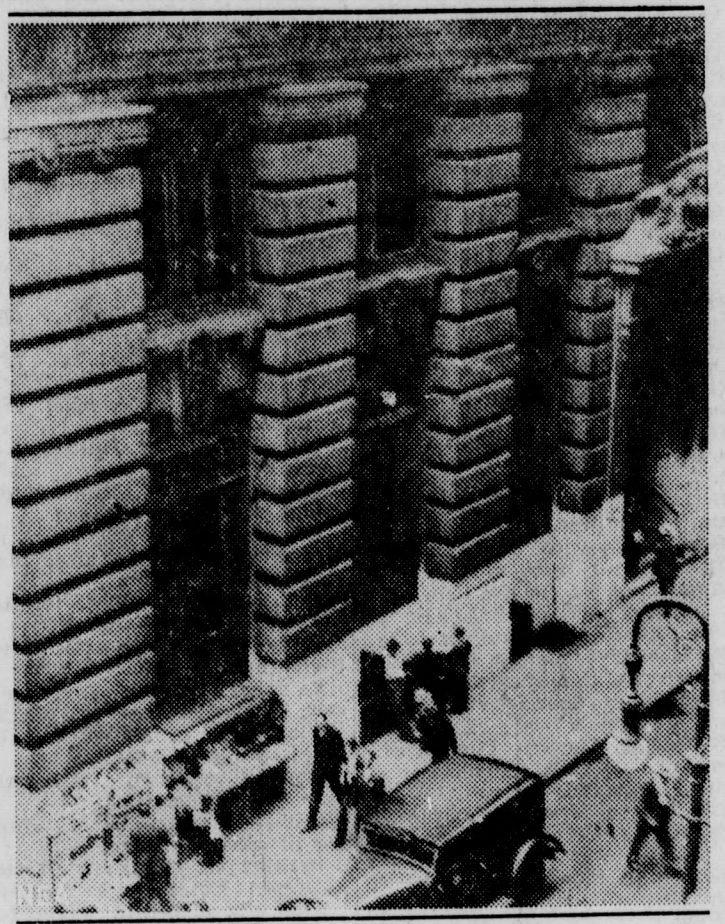

In Redwood City, the campaign is built around an advertising schedule in the Tribune-Standard and the General Petroleum dealers here are exceedingly optimistic of increased sales.

According to White, many important but no superfluous claims, are being made for the General Four-Star Gasoline and he is of the opinion that its quality alone will be responsible for a remarkable increase in distribution.

TARGET OF INQUIRY

The searchlight of the senate investigating committee is about to penetrate the stone facade of another great financial house, Kuhn, Loeb & Company, whose imposing quarters in New York's financial district are pictured here. Second only to the House of Morgan in the private banking field, Kuhn, Loeb & Company is regarded second to none in the field of railroad finance.

Race Fraternity Is Jubilant Over Success of No. 3

Jubilant was being expressed at Tanforan race track this week-end over the victory at the special election Tuesday of Proposition No. 3, which provides for the legalization of horse racing in California under the pari-mutuel system of wagering.

Adoption of the proposition was hailed as the beginning of a "new deal" in a sport that has long been a California favorite. It is seen, too, as launching a new era in the breeding of thoroughbreds in this state.

Both of these are expected to win for California wide fame, and rank her with great eastern neighbors in the realm of the kingly sport. Numerous requests for information from the East regarding the establishment of great breeding farms have been received in various sections of the state.

Operators at Tanforan point out that California is a "natural" for the breeding of fine horses. Now that the state has recognized the sport of matching these thoroughbreds on their home grounds, they expect unprecedented growth of the breeding industry.

Saturday three handicaps are featured in a program of nine events. These handicaps have drawn some of the best horses available at the track.

Another interesting feature added for the large crowd of Saturday fans will be workouts between the races by Pillow Flight star of New Zealand, turfdom. Arrangements are now being made for a match between Pillow Flight and Winooka, another star, at Tanforan.

Adjustments Of County's Salaries Up

**Balancing of Budget,
New Expenses to
Be Met**

Salary adjustments necessary to help balance the budget in 1933-34 were the subject of conferences today between County Manager Walter T. Kellogg and various county officers.

One office being particularly affected is that of District Attorney Edmund Scott where deputies will be barred after July 1 from continuing private practice. Mr. Scott will continue to handle private cases until the expiration of his present term 18 months hence.

Deputies Richard O. Bell, an appointee of former District Attorney Franklin Swart, and Harold F. Anderson, who came to the office under Scott's tenure, will be seriously affected.

Both must give up their private practices which have netted them, it is believed, about \$150 per month. Some adjustment will be made with them to make up for the lower salary which they received because they were permitted to engage in private practice, but it was not felt the amount would be large enough to compensate.

Deputies in the office of County Surveyor James S. James will not be affected, as James has barred private practice himself and made it the rule of his office.

Protest Heard On Removal of County Sealer

Protest against the removal of Edward J. Ford of Daly City was lodged with the San Mateo County Board of Supervisors by the Western Federation of Butchers of San Mateo county today. Ford, former sealer of weights and measures, has been replaced by Joseph Garibaldi, appointee of Supervisor Albert Witt of Colma. No action was taken by the board on the request for Ford's reinstatement.

The supervisors put themselves on record as in favor of the election tomorrow of the candidates pledged to repeal of the 18th amendment. Witt of Colma was succeeded by Witt of Colma. No action was taken by the board on the request for Ford's reinstatement.

Surplus Fruit Preserve Plan Is Announced

**Needy Families Will
Benefit Next
Winter**

Looking ahead to providing food for needy families of the community next winter, the Redwood City chapter of the American Red Cross today announced a plan to preserve surplus fruit and berries during the present season for distribution when they are needed later.

Working with the local committee on unemployment relief, women of the Red Cross will undertake to put up fruit at the kitchen of the high school cafeteria during the next few weeks and are asking the co-operation of all those in the community who may have excess crops of fruits and berries suitable for canning.

Residents of the district wishing to donate fruit are asked to telephone Mrs. William J. Dugel at Redwood 526, and workers will arrange for the collection of the donations. Mrs. Dugel's committee is also soliciting jars and containers. These may be left at the high school machine shop or may be called for by communicating with Mrs. Dugel.

Plans for taking advantage of the fruit surplus at this time in order to save the cost of purchasing this type of food next winter were made at a meeting of the unemployment relief committee yesterday.

Sodas Made at Home Popular With Children

A buzz of activity has been observed for some weeks at the home of Mrs. Ervin Hyldahl, 725 Allerton street, but not until today was the nature of the activity revealed. In an exclusive interview, Mrs. Hyldahl stated that she had perfected a method of making plain and fancy sodas at home without the purchase of any outside equipment.

"For several years," said Mrs. Hyldahl, "and especially during the warm summer season, I have thought that sodas at my home would be a real pleasure and a great convenience. I know how refreshing a cool soda is when I am out shopping; then why should it not be equally delightful at home? I studied methods used in making sodas, and developed my own way which I have found to be utterly simple and practical, besides being most economical."

"Everything I need to make my home sodas, I found I have right in my own pantry. The soda water itself, I obtain by buying Shasta Water."

"My method of soda making at home has been helpful to me in several ways. Every mother will realize how splendid these home-made sodas are to give to children. We know exactly what goes into the glass. Besides making sodas for children, I have found that my grown-up friends, and many of my husband's friends, too, enjoy these sodas. All of us at our house have become accustomed to look to our refrigerator and pantry shelf as our nearest soda fountain, and it is a source of real pleasure."

Dr. C. V. Thompson, Burlingame supervisor, informed his colleagues that he believed the bill was "just and very reasonable."

The doctor's act in charging the Gilmore \$500 was approved by motion of Supervisor Brown, and second of Supervisor John Poole, Redwood City.

Protest Appointment
Mrs. E. A. Chase of the San Mateo County Taxpayers' Protective Association protested the appointment of a county manager before July 1, saying Manager Walter T. Kellogg is illegally holding this office now.

The board referred the matter to District Attorney Edmund Scott.

After appointing Allen Albright of Redwood City as an inspector for rodent control, the board heard a protest on this move from Leo Kowalski of Lomita Park.

Kowalski protested that if the federal government could not continue Albright on its payroll, that San Mateo county shouldn't either.

**Bar Holds Important
Meeting in S. M.**

Last evening at the Benjamin Franklin Hotel the San Mateo County Bar Association met to transact business of importance. Gilbert D. Mr. McPike is a close friend of nearly all the members.

CITIZEN BODY SELECTED TO AID COUNTY CHARTER

Nine San Mateo county citizens and nine alternates were named Wednesday by a nominating committee at a newly formed Citizens' Charter Protective Association to steer the course of this organization in connection the installation of the new county charter July 1.

The meeting was representative of some of the members of former board of freeholders, charter study committee and members of the county federation of improvement clubs. It was held at the Benjamin Franklin Hotel in San Mateo.

James B. Howell acted as temporary chairman and Louis T. Chess as temporary secretary. Howell opened the meeting and said it was called due to the alleged failure of the board of supervisors to follow the new charter. He stated that a steering committee should be named to map the course of the organization in seeing that the charter is applied as intended by the people.

Attorney A. H. Reddington stated that he thought the organization must assume that the supervisors will fulfill the desire of the people. If the supervisors do not, they will get themselves "in bad," it was asserted.

Attorney W. H. Morrissey of Redwood City said that the county federation of improvement clubs was interested in seeing that the charter was installed properly and that he had appeared before the board in this respect. He declared that the board had shown an inclination to co-operate with the people. He stated that he had been told by the board that when the skeleton form of the administrative code of the charter was drawn that interested parties would be called in to confer with the supervisors.

Merk Doubts Response
Sam Merk, of Burlingame, expressed the thought that probably the supervisors would not be any more receptive to a group from this organization than they were to the offer of the former board of freeholders to assist in applying the charter. He added that he believes that the board had not yet caught the vision which the freeholders had in the drawing up the charter.

Horace Amplett was called upon to speak and he stated that an unnecessary tempest had been raised and that it was an "outrage" that this county should be published before the world as corrupt. He stated that this type of thing is playing into the hands of San Francisco and might hasten annexation.

Discusses Appointments
The matter of certain appointment of officers under the health and welfare department as set up in the charter, which appear to be illegal, and the threatened appointment of road engineer were discussed.

The meeting adjourned following the appointment of a nominating committee by Chairman Howell, who was assisted by Horace Amplett and Ernest Wilson.

Following the meeting the nominating committee met and placed the following in nomination, with alternates, to be members of a steering committee:

M. A. Harris, Woodside; Dr. C. L. Morgan, Half Moon Bay; Henry Witte, Redwood City; Edward C. Lyden, San Mateo; A. A. Roehrs, San Mateo; Frank Burners, Burlingame; William H. Eddy, Burlingame; E. E. Bramble, South San Francisco; Henry Hall, San Bruno.

Alternates: John Lynch, Burlingame; George H. Holstrom, South San Francisco; S. A. Keyston, San Mateo; Dr. L. Rothenberg, La Jolla; N. L. Rizzo, Half Moon Bay; Fred Lorton, Burlingame; F. McGraw, San Mateo; Elmer Morrish, Redwood City; and one to be named.

The organization will meet next Wednesday night at the Burlingame city hall.

PAPER'S '25 YEARS AGO' FEATURE BARES OLDHOAX

Unrevealed for 25 years despite government investigation of a bottle message they had thrown into the surf on the coast side, the secret of a prank perpetrated by three Redwood City schoolboys in 1908 came to light today following the printing of the message in the "25 Years Ago" feature of yesterday's Tribune.

The item, copied from the Redwood City Democrat files for June 25, 1908, follows:

There has been brought to the Democrat office a scrap of paper which was taken from a bottle that drifted ashore recently at Pebble Beach, Pescadero. The following message was written upon it:

"January 3, 1903. This was thrown off the Str. Helen Boyd, San Francisco, off the coast of Chile near Callao, 500 miles from Coloca. If found please notify the owner of the Str. Helen Boyd, Redwood City, Calif., U. S., and receive reward. J. F. Dale."

An Italian found the bottle and gave the scrap to a friend who brought it here. Although inquiry has been made among shipowners here, no one appears to know anything about a steamer of the name given.

Reading of the incident in the Tribune last night, one of the pranksters recalled a vacation trip the three youths had taken by horse and buggy from Santa Cruz to Pescadero in 1908, when they "thought up" the idea.

The note, they revealed today, was written at the expense of two teachers at Sequoia Union High School at the time, Miss Helen Boyd, language instructor, and J. F. Dale, instructor in commercial subjects. The boys imagined a romance between the two faculty members and used the bottle message as a means of anonymously "letting the cat out of the bag."

Although government records were searched for information about the "Str. Helen Boyd," the mystery remained unsolved and the boys responsible for it kept their lips sealed—until today.

They are Wilbur Dossie, John McCrea and Lisle Winter, all residents of this city.

Scout's Camp Has R. C. Boy For Its Mayor

**'Upper Crust' Party
Almost Makes a
Clean Sweep**

OTHER RESULTS

**Tests and Competitive
Events Engage
Attention**

Wilbur ("Budge") Woodhams of Redwood City was swept into the Camp Pescadero mayor's office on the Upper Crust ticket when elections for the San Mateo County Boy Scouts' camp were held.

The Upper Crust party nearly blanketed the election, the Filling party scoring but one victory when Norman Rushton of Burlingame was elected district attorney over Bill Schmiedeke.

Young Woodhams, the son of Mr. and Mrs. Clifton Woodhams of 77 Claremont road, Redwood City, defeated Joe West, who carried the Filling party banner in the big political maneuvers.

No balloting was held on the 10 state propositions or the San Mateo county harbor district, all sentiment on those matters being sidetracked for the more important "local" elections.

In other battles, the Upper Crusts won the judgeship and chief of police post with John Thomas and Bill Clarke winning over Fred Eyrond and Jim West, respectively. It was the second straight year that the Upper Crust faction snowed the Filling under.

Nominations were held soon after the boys staked out their tents. Amid flying fists and fiery oratory, the scouts were informed as to the qualifications and attributes of the candidates. Dick Winkler, Redwood City Eagle Scout, managed the winners, with Howard Hoover in charge of the opposition.

Mathison of the educational department, second-class scouts who needed their 14-mile hike test to become first-class scouts were scheduled to leave camps this evening for an overnight trek to Butano Forest.

Swimming, with Clyde Devine as instructor, has seen five boys passing Red Cross tests, and another half-dozen completing elementary examinations. Those who passed the advanced work were Howard Ohliger, Barry Jackson, Norman Rushton, Bob Bodwin and Warren Dempsey.

EDITORIALS

Most People Satisfied

The election is over and everyone appears to be satisfied with the result. Of course, it was certain the vote on the repeal of the eighteenth amendment would secure a big vote, but it was thought the racing bill would be close. The overwhelming vote it received shows conclusively that the people of California are tired of reform measures having a tendency to curb their freedom. There is much to be said in favor of the track and some things that may be offered against it. If gambling could be eliminated all classes would support it, but both go together and cannot be very well separated.

The large vote received for the port district is very gratifying and encouraging to the people of the county who hope some day to see the water front of the county bristling with factories.

The so-called Riley bill was defeated in the county but was carried in the state. It has many good features and may work out all right. Arguments were made against it to the effect it would bring no relief to the heavily burdened taxpayers. However, that remains to be seen.

Bright Future Ahead

By the vote of the electorate on Tuesday in establishing a port district in San Mateo county, Redwood City has won new laurels destined to make her the industrial city of the peninsula and one of the big industrial centers of Northern California. With the establishment of a harbor in Redwood City, factories will come to develop the cheap waterfront lands that now lie idle. It was a big forward step to carry this election and break the way for a port district. The mud flats along the bayshore may some day hum with industry. Of the 58 counties of the state none has a brighter future than San Mateo and no city in California has better prospects than Redwood City.

Tame in Comparison

The grand jury controversy, caused by Judge Swart's sensational report, brings back to memory of the pioneer squabbles over grand jury reports a quarter of a century ago in this county. Those were real live affairs that annually came to arouse the people. The present affair is tame compared to charges made against officials of long ago. The accusations blew over and no one in particular was injured. The present fulmination is likely to pass into history without leaving many sore spots.

Rattler Killed in Whipple Road Yard

Teased by the household cat, a rattlesnake in the front driveway at the home of County Agricultural Commissioner Max Leonard whirled its protest and attracted the attention of Mrs. R. H. Crumney of San Francisco, Leonard's sister, who dispatched it with a hoe. Mrs. Crumney saved the four rattles and button as a souvenir. The Leonard home is on Whipple road near Cordillera road. It was reported that rattlers seldom come down that far into the city.

Motorist Hurt in Three-Car Collision

Albert Tayas, 232 Hemlock street, incurred an injury to his back in an automobile accident involving three cars at El Camino Real and Willow street. The other cars were those of Roy Basumussen, 630 Vera, and Andrew Fakhour, 112 Elm, which was parked on the highway. Tayas was removed to the community hospital. The accident was investigated by Officers Clyde Genochio and Henry Mengel.

John W. Moore Passes Away In S.F. Hospital

Following a year's illness, John W. Moore, 66, passed away early Thursday at the Southern Pacific Hospital in San Francisco. He was a native of Kentucky, and for more than a decade was the gatekeeper for the Southern Pacific Company at the Brewster avenue crossing. Prior to this he was at a crossing in Menlo Park. No near relatives survive.

The funeral services which will be conducted by the Rev. Edwin Castledine, pastor of St. Peter's Episcopal Church, will be held at the Layng & Tinney Funeral Home on Saturday afternoon at 1:30 o'clock. Cremation will follow at Alta Mesa Memorial Park.

Redwood City 30 Years Ago

Dr. and Mrs. J. L. Ross left yesterday for Los Angeles, where they will spend a few days.

The Virginia Mill and Lumber Company closed down Tuesday morning for a week in order to give the employees a vacation for the Fourth.

A party of Redwoodites will leave for Mt. Hamilton this morning and return Sunday evening. A six-horse carry-all will take the jolly party and the ribbons will be handled by that well-known expert, Will Lovie, who in years past has driven six-horse teams down the steep Sierras. Teletype Links Redwood City In State Chain

Redwood City today became one of the 27 cities inter-connected on the teletype system.

The teletype was supplied at state expense and will be maintained by the county.

Messages can be sent as well as received over the printer. The call letters for Redwood City are RDC and the bell signal 1-3-1.

The machine, over which police and sheriff's messages are dispatched, will be in operation between the hours of 8:30 a. m. and midnight. It requires the presence of an operator, but no increases in staff will be necessary. Sheriff James J. McGrath reports.

Information of fingerprints or license plates records can now be secured within two to four minutes where an hour was required before.

This will greatly speed investigations and capture of criminals, McGrath reports.

The messages are sent in condensed form similar to telegrams and some of the departments send their requests in code.

Cities with which Redwood City can have immediate contact through the printer include San Francisco, Oakland, Los Angeles, Sacramento, San Jose, Santa Barbara, San Diego, Stockton, Santa Rosa and others.

Allbright Explains Inspector's Office

Answering Leo Kowalski of Loma Park, who protested his appointment as an inspector of rodent control before the county supervisors yesterday, Allen Allbright said today:

"My United States Public Health service as field inspector with the government expires June 30. I have been appointed inspector for the county. Letters and recommendations of endorsement requested my appointment. The county is adding \$20 a month to take care of the salary of a county inspector. Allbright's salary will be \$125 a month. With his family, Mr. Allbright will leave for the high Sierra tomorrow and will return to his work July 1.

Charles O'Neill, proprietor of the "Wagon," is expected back from the East this week. He visited his old home in Kansas and took in the Century of Progress.

Mrs. J. E. Cooper is spending two weeks in Soquel.

President Dora Scott Devol, Mrs. Ethel French, Mrs. Catherine Derry, Mrs. Marquette Blanchard and Mrs. Isabelle Lindquist attended the annual pilgrimage at Santa Cruz given by the American Legion Auxiliary.

Miss Meta Wolters and Mrs. Robert Carlson are in the Redwood highway country for a two weeks' vacation.

A sale was made this week of a business lot near the bank corner to a Palo Alto merchant who is making plans for the erection of a large department store. Other sales are being negotiated, among them the transfer of the Derry garage on the highway. Property is being brought in prices in Menlo Park. The lowering of railroad fares on the Southern Pacific Company is certain to increase the passenger traffic between Menlo Park and San Francisco.

Father B. Burke left yesterday for a five weeks' vacation, the first in two years. He will go to New York by way of the Panama canal and from there journey to Chicago to visit the fair. Father Burke has worked hard for the past year and has well earned his short respite from labor.

The city council met during the week. Bert H. Mehl, city engineer, presented his resignation and same was accepted. Hugo May of Hermosa Way was appointed building and plumbing and electrical inspector, positions held by Mehl. The engineer's place was not filled.

The proposition of the Menlo Garbage Company to haul the garbage away for a period of five years at \$100 a year for the contract and agreeing to pay the \$500 at once, was accepted and City Attorney Whitworth was authorized to draw the contract.

There will be no tax on beer, the council having decided that it would not be proper to levy this tax, which the council had under consideration for some weeks. The members were unanimous on the matter.

It is said a new candidate for appointment as postmaster of Menlo Park loomed today.

He returned to California via the Canadian Pacific Railway and made a visit to Lake Louise en route. The Rev. Mr. St. John will be welcomed to his pulpit in the Woodside Congregational Church next Sunday and at this regular service the annual meeting of the church organization will be held, with reports given by the various officers. Communion service will be observed with a short talk by the minister. Mr. and Mrs. Fred Mighall have as a guest at their Woodside home, Mrs. Mighall's cousin, Mrs. Vernon Lawson of Ottawa, Canada,

who plans a month's visit with her relatives here.

Miss Jennie Rae Christensen, as the guest of the R. Brown family of Redwood City, enjoyed the festivities held at the opening of Bear Lodge, the Native Sons' park at King's Mountain Sunday.

About one hundred friends and relatives from around the bay region enjoyed the hospitality of Mr. and Mrs. James H. Pritt at a barbecue held at their home on the Bear Gulch road on Sunday. During the afternoon the guests enjoyed dancing.

Mrs. P. Ferro of Alta Vista road motored to Watsonville last week to visit with her sister, Mrs. E. Miller, of that city.

The Woodside Gardeners' Association meeting scheduled regularly for the first Monday of the month will be postponed until July 10 in order to avoid conflict with the Fourth of July holidays.

Mr. O. W. Dudley, well-known employe of Neuman Bros. store, has been confined to his home by illness.

A fire alarm late yesterday aft-

noon called the Woodside department to the foot of the King's Mountain grade where a grass and brush fire was burning not far from the old Tripp store. The origin of the blaze was unknown and the men extinguished it before any damage was done.

Theodore Kreps Talks at Joint Kiwanis Meeting

Aligning himself in opposition to "big money" men and declaring that thrift is no longer a virtue, Theodore J. Kreps of the Stanford graduate school of business addressed members of the Redwood City and Burlingame-San Mateo Kiwanis Clubs Monday at Hotel Sequoia on "Twentieth Century and Eighteenth Century Ideas About Business."

The speaker flayed capitalism and declared that "making money to save money" is a false economic theory. He upheld the departure of the United States from the gold standard.

Kreps opposed high tariff and declared that true prosperity depends upon equitable trade relations.

The meeting, held under the au-

spices of the Redwood City club with Warren Natwick of the visiting delegation as chairman, was in observance of All-Kiwanis night and the opening of the convention of Kiwanis International in Los Angeles.

Telegrams were received from John Layng, delegate of the Redwood City club, and the Rev. H. G. Gardner of Burlingame, president of the Burlingame-San Mateo Kiwanians, who are attending the convention.

Musical selections were offered by Mrs. J. E. Morrish, accompanied by Mrs. Carl Fisher, and by the Sequoia high school male quartet.

Members of the Yomcan Club of this city were guests of Kiwanis.

Because of heavy modern street traffic, motorized fire apparatus does not make as fast time as the old horse-drawn fire wagons, according to the report of Salt Lake City's fire chief.

Sheriff Will Close 'Spooners' Lane

Sheriff James J. McGrath was designated today as the proper party to end the parking of cars along narrow Sneath Lane near San Bruno by "spooners."

The board recently received protests from property owners that so many cars are parked along that road that it is difficult to use it safely.

District Attorney Edmund Scott instructed the board to proceed under the law which forbids the parking of cars on paved portions of the roadway. On motion of supervisor Albert Witt, Colma, Sheriff McGrath was selected as the one to disturb the bliss of the "spooners."

New Mexico's legislature recently passed a tax bill providing a tax of four cents a gallon on motor oil to furnish free text books to students.

Witt Holds Up Appointment of Fire Officials

Three names submitted by the Brisbane Fire Department for appointment as fire commissioners of the proposed Brisbane district failed to meet with Supervisor Albert Witt's approval Monday. He asked the board to continue the matter one week.

The names are J. M. Van Kirk, W. R. Walter and James Bennett. Witt said there was a question whether they were taxpayers.

High School's Budget to Be \$202,601.00

Total Represents a Decrease From 1932-33

SALARIES SAME

Citizens at Meeting Approve Present Schedule

Trustees of the Sequoia Union High School district have found it possible to reduce the 1933-34 budget under last year's figure, and unnecessary to further reduce the salaries of the teachers.

This was made known today following a meeting of the board last week when budget matters were discussed.

Decision to maintain the salaries at their present levels met with the approval of representatives from various parts of the high school district.

Last year the salaries were reduced 7 1/2 per cent. The same salaries will be paid this year, but the automatic increase in salaries, heretofore the custom, will not be allowed.

Final approval of the 1933-34 budget, due last night, was postponed until next Friday, as it was deemed advisable to await the outcome of the so-called Riley tax measure on Tuesday's ballot. This will have an effect on school budgets.

The tentative budget for 1933-34 is \$202,601, which includes \$4000 for a new bus and \$1000 for repairs to buildings. Last year's budget was \$206,389.

Although last year's budget was \$206,389, expenditures were \$197,356, a saving of \$9032, according to Principal A. C. Argo.

The new budget will be submitted to Pansy J. Abbott, county superintendent of schools, who is required to publish it. A public hearing will then be held, prior to July 15.

The total number of teachers employed per year has increased 53 per cent between 1925 and 1934, while enrollment has increased 132 per cent during the same period.

The ratio of this increase, according to James D. Hedge, president of the board, is 1 to 2 1/2. This indicates a heavier load per teacher and a more economical distribution of teacher time.

The pupil enrollment per teach-

er, in 1925-26, was 19.3. In 1932-33 it was 27.2, and it is expected that the figure will be 30 next year.

Among the citizens present, a number of whom commended the school authorities for their management of the institution, were Roy W. Cloud, secretary of the California Teachers' Association; Mrs. John J. Garland, president of the 17th district, Parent-Teacher Association; Mrs. E. M. Kilbourne, former president of the Redwood City Woman's Club; W. S. Wardlaw, East Palo Alto; D. Crowley and Emmett Donnelly, commander of the American Legion.

Mrs. Garland presented petitions from Menlo Park, Las Lomitas, Woodside and San Carlos opposing any commercial development of the high school grounds.

Way Brighter For Couple in Suicide Pact

The world brightened Monday for William Taylor, 23, and his bride, Armine Bonaparte Taylor, 19, both of Hollywood.

Both spent the night before in county jail here after Police Officer Joseph Gravano of San Carlos halted them heading for Carmel to participate in a reported suicide pact.

Over the new teletype installed in Sheriff James J. McGrath's office, a message came from Los Angeles saying the young couple will not be prosecuted for theft of the car they were driving.

Neither the owner of the car nor the insurance company will have anything to do with prosecuting the newlyweds. The insurance company is going to restore the car to its owner at its own expense.

So Police Chief Edward Wheeler decided to let the couple go. The Taylors were halted there for driving the stolen car through the city without lights. If Wheeler doesn't wish to prosecute them on that, the couple will go free again. The Taylors revealed plans to take a bottle of poison and then jump over a cliff at Carmel to end their worries over inability to find employment.

They were married in San Francisco on April 18.

SPEND DAY ON COASTSIDE

A beach party was held Sunday by a group of young people from Redwood City and San Mateo.

Among those in the group were Shirley Langford, Jeanne Phillips, Ruth Moore, Theresa Nye, Les Crady, Al Moore and Ivan Platt.

Peninsulan Injured In 4-Car Accident

Ellsworth M. Clipperly, 37, of 327 Engle road, San Mateo, suffered injuries when his car and three others collided on the Bayshore highway near the northern county line.

Anthony J. Puglizevich, 25, of South San Francisco, driver of one car, swore to a complaint charging Earl R. Morse, 31, of 1532 Drake avenue, Burlingame, with reckless driving. The fourth car was driven by Adrian Vry, of San Leandro.
